2 Hopper Ultra Gourmet Ice® System

ITEM# _____

PROJECT _____

DATE _____

Ultra-2*

Dimensions:

31.9"H x 16"W x 24.5"D

(81 cm H x 40.6 cm W x 62.2 cm D)

Features

Ultra Gourmet Ice® System

- Patented reversing auger design quickens freeze time and reduces air mixing with product.
- Very simple to program and run with touchpad display, which also guides cleaning and preventive maintenance.
- Refrigeration system internally monitored to ensure long lasting performance.
- Two large 3 gallon (11.4 litre) hoppers for optimum cooling & serving capacity.
- Full 2-year parts and 1-year labor warranty. 5-year parts and 1 year labor warranty on compressor and 3-year parts and labor warranty on electronics. See the product manual for additional details.
- Sanitation listed by NSF to Standard 18 (includes dairy & alcohol) and safety listed by ETL to UL Standard (UL 471) and CSA Standard (C22.2 No. 120).
- International electrical configurations available.

For current specification sheets and other information, go to www.bunn.com.

* International models may vary in appearance.

Increase your profitability and save on staff time, too!

A BUNN Ultra Gourmet Ice system includes optional autofill models, both powdered and liquid. Autofill enhances your profitability by assuring that frozen drinks are always available. It also reduces time spent manually mixing and refilling. For increased flexibility, the new liquid autofill kit is designed to adapt the Ultra to work with Brix pumps. Also, the flavor is consistent – no human mixing errors.

ULTRA-2 Powdered Autofill (PAF) models feature two large two-gallon hoppers for optimum cooling and serving capacity. Each dry product hopper holds up to five pounds of powdered product.

The dry product hoppers tip back for easy cleaning and slide out for easy filling.
